

## Jonathan's Impact Orphan Ministries July 2024 Newsletter

Thanks again for all your support! As you know, Jonathan's Impact is providing the bulk of support for the **Chilileko Home** and the food budget for **Shammah House**. We are also providing Aging Out programs for both homes. Here are some updates from each home.

Vimbai, Lucia, and Tarisai

From the **Chilileko Home** we are profiling Tarisai Chaturikira. From Lucia Dandahuni: *“Tarisai came to the home when she was around 5 years old. Now she is 15 years old. She is now in form 3 and doing so well. She is doing 13 subjects and she passed them all last term. She has 7 As, 3Bs, and 3 Cs. Besides doing well academically she is also doing well in sports. She is playing netball and she is on the school team. Back home she is our MC at church and she also leads prayer. She is an all-rounder and a joy to work with. She is a good team leader and looks after the young ones. She also participates in household chores when home.”*

From the **Shammah Home**, we have updates on our 3 aging out residents from Home Director Daniel Munetsi: *“Innocent and Brian completed their Diploma Exams in June 2024 and are now waiting the results of the examination board. Knowledge is also sitting for his final exams in August 2024.”*

## Jonathan's Impact Orphan Ministries July 2024 Newsletter

*INNOCENT FUSIRE:* My name is Innocent Fusire aged 21 and I am enrolled at Speciss College in Highfield Harare, Zimbabwe, pursuing a Motor Maintenance course. I would like to express my heartfelt gratitude to Jonathan's Impact for financing my course and giving me an opportunity to acquire skills in motor mechanics. Thank you for supporting my dream and my life will never be the same again. I look forward to looking for a job and later on opening my own motor workshop. I sat for Diploma exams this year June 2024 and waiting for official results from the examination board.

*BRIAN MASHINGAIDZE:* My name is Brian Mashingaidze aged 24 and I am enrolled at Speciss College in Highfield Harare, Zimbabwe, doing a course in Motor Maintenance. A big thank you to Jonathan's Impact for sponsoring my course and giving me a chance to acquire skills in motor mechanics. Indeed this a dream come true for me, changing my life. I aim to look for a job and open my own workshop, to impart skills to others and support the motor industry. I sat for Diploma exams in June 2024 and am expecting official results from the examination board.

### MISSION TRIP 2025

The next Mission Trip to Zimbabwe is tentatively planned for February or March 2025. Once we find the most affordable flight (New Orleans to/from Harare, Zimbabwe in our case) we will notify everyone. If you are truly interested in going and have some firm dates that work for you, let us know. We would love to travel together as a group.

Donations to Jonathan's Impact can be done via our website:
